

## About the **CONEJO FREE CLINIC**

The Conejo Free Clinic was founded in 1976 and provides legal and medical services to those who may have no access to care. Last year, the CONEJO FREE CLINIC provided services to over 5000 people in our community! They are of all ages and backgrounds.

While the clinic has grown significantly over the years, it has maintained its original philosophy of providing comprehensive quality health care, education, patient advocacy, and legal services to all on our community.

Now for 34 years, the golf tournament has earned a reputation as one of the premium events in our community. It is the sole fund-raiser event for the Clinic. The support of golfers, businesses, and organizations is highly appreciated.
